

1stChurch Online Directory Information

General Information:

There are currently about 200 listed families/individuals listed in this online directory. About 110 of these have pictures. Some who have pictures would like an updated picture since these photos were taken over 1 ½ years ago. If you want another picture, please let me know. You can submit a photo to me via email or actual photo which can be used or we can arrange to take a picture at church.

If there is an incorrect address, phone number or email please send this to me. If you prefer phone numbers, addresses, email addresses as not listed please also let us know.

This online directory will be as current on information as we can make it, relying on information being submitted to the church office or to the website team. The online directory is not the full membership of First United Methodist Church. We are using names of people who are currently active members or currently active people of the congregation. If you or someone you know would like to be included in this directory, please send the information to us. No one has been intentionally left out.
